## DISTINCTIVE CONTRIBUTIONS

Athens College takes students at the beginning of the later adolescent period, just at the time when the individual differences are beginning to show themselves. For four years, those differences are evaluated, utilized, and given their best expression. This regard for individual variation in the curriculum and activities of the college enables students to find their places and get the most out of college life. In the college, the dormant interests of the students are discovered, developed, and rendered subservient to the serious purposes of life. Here they are given opportunity to grow by means of self-expression and self-activity.

## RELIGIOUS ADVANTAGES

Just as there is included in the curriculum specific training for social, physical, and mental development, so do we undertake to make religion an integral part of every student's education. The main cause of the failure of our educational system is to be found in the fact that it has separated religion from the life processes and made it a thing apart from the educational process. Religion, to be vital and natural, must be understood as a real part of our natures which is continuously reconstructed during our development period. We not only undertake to make religion a part of life, but a definite religious educational program is carried on to enable the students to become more proficient religious leaders in their home communities. (See department of Religious Education under course of study.)

Students attend their own church or that of their parents' choice at the morning service. Attendance upon the evening service is voluntary.

## SOCIAL AND RECREATIONAL FEATURES

No college today should make the social and recreational features accidental to the life of its students. Our program is a vital part of the school life and becomes an actual part of our curricu-

## A T H E N S   C O L L E G E

lum, being supervised and directed with the educational ideal in mind. Exercise that is not enjoyed by the individual cannot be recreational, and without proper recreation, health cannot be maintained. Especially is this true for the earlier years when the student is spending much time introspecting. The social and recreational features have for their purpose the centering of students' attention outside of themselves, thus developing healthy-mindedness and laying the foundation for that degree of service which they will be expected to render when out in life.

Many outdoor and indoor sports are encouraged, and each boy or girl finds those suited to his or her individual desires and needs. Swimming, a part of the Physical Education requirement, is one of the most enjoyed sports. In our beautiful pool, difficult swimming strokes and forms of diving are quickly learned and enjoyed. Swimming contests, interclass and intercollegiate, are frequent enjoyable features of the year. Basketball is the chief sport of the winter. Volleyball, tennis, croquet, hiking, hockey and other sports are entered into freely.

There is no intercollegiate athletics for young ladies. The college fosters basketball and baseball as intercollegiate sports for the young men. The college does not participate in football.

### HISTORY

ATHENS COLLEGE was projected in October, 1842, at a session of the Tennessee Annual Conference held at Athens. In 1843 the Legislature of Alabama granted a charter incorporating the Female Institute of the Tennessee Annual Conference.

In 1870, the North Alabama Conference was organized. Athens, with all the northern part of the State of Alabama, came into the boundaries of that conference. All church property in the territory formerly held by the Tennessee Conference was also transferred to the North Alabama Conference. In 1872, the charter was amended, the name being changed to Athens Female Institute. In 1889, the charter was amended again, and the name changed to Athens Female College. In 1915, the charter was again changed and the institution was called Athens College for Young Women, Athens, Alabama. In 1931, the Board of Trustees voted to admit

## A T H E N S C O L L E G E

local boys. Gradually, it has grown into a regular coeducational institution and goes by the name of Athens College, Athens, Alabama.

In 1913, Athens College was recognized as a standard college of A-grade by the General Board of Education. It has held this grade continuously since that date. Its students are admitted for postgraduate work to the leading universities, and the undergraduate work of Athens College has won a place of esteem through the students who have taken advanced degrees in these universities.

Although not a member of the Southern Association, it has individual accreditation with most of the larger colleges and universities.

Athens College has sent missionaries to every field in which the Methodist Episcopal Church, South, has entered. Its sons and daughters fill leading social and educational positions in America.

### LOCATION

The college is situated in the town of Athens, and its location could not be improved upon for natural beauty and surroundings conducive to the best advantages for study. Athens has been noted for its high educational tone since antebellum days. This air of refinement, with that of modern progressive ideals, makes Athens desirable as an educational center. It is situated near the foothills of the Cumberland Range, having some nine hundred feet of elevation. The main line of the Louisville and Nashville Railroad accommodates the town with north and south-bound passenger trains daily, which make convenient connection at Decatur, fourteen miles south of Athens, with east and west bound trains. The campus consists of more than thirty acres of rolling ground, amply beautified with magnificent trees, shrubbery, and convenient walks. It is provided with tennis and ball courts.

Athens College is forty-five miles from Muscle Shoals, the most widely advertised spot on the American Continent.

## BUILDINGS

### FOUNDERS' HALL

This building, erected in 1842, presents a front of some 140 feet, supported by magnificent Ionic columns. Three wings added at later periods, with ivy-clad walls, extend to a depth of about 160 feet. In Founders' Hall centers the life of the college, as, in addition to students' rooms, it contains administrative offices, reception rooms, library, dining hall, and classrooms.

### FLORENCE BROWN HALL

This dormitory is of colonial architecture, with Ionic columns across the north front, and is equipped with all modern conveniences. It was built in 1909 as a memorial to Miss Sarah Florence Brown in appreciation of her loyal service to the college.

### McCANDLESS HALL

McCandless Hall, erected in 1912, was made possible through the generosity of the local citizenship and of the North Alabama Conference. It stands as a monument to the spirit of real culture which permeates the atmosphere of the town. The building accommodates the Department of Music and Fine Arts. It is conveniently arranged with studios and practice rooms, and contains a large auditorium, with pipe organ and a seating capacity of about seven hundred, perfectly equipped in every way, and a stage amply able to accommodate all college and visiting entertainments. The hall is easily accessible to the other buildings. It is named in honor of Miss Kate Leslie McCandless, formerly Director of Music in Athens College.

### SANDERS HALL

This building, built in 1924, is a three-story brick dormitory, 130x42 feet, practically fireproof, steam heated, with running water in each room. Baths, showers, kitchenette, and a small laundry room are on each floor, and there are four attractive parlors on the first floor. This building will accommodate eighty-six persons, and is one of the most up-to-date dormitories to be found

## A T H E N S C O L L E G E

anywhere. It is named in honor of Hon. W. T. Sanders, deceased, former President of the Board of Trustees.

### BOYS' DORMITORIES

*Comer Cottage* and the *Chandler Home* are two large homes that have been converted into dormitories for boys. These can accommodate sixty-five boys. The third floor of McCandless Hall also accommodates about thirty boys.

### RIVERS HALL

The Business Science and Mathematics are taught in Rivers Hall. This building is named in honor of Reverend R. H. Rivers, D.D., who was the first president of the college. It was made as an elementary school building and later used as an academy for the college. Rivers Hall, although small, has well-equipped classrooms and an attractive campus.

### HEATING PLANT

The heating plant is housed in a neat brick building 40x60 feet. A battery of four boilers supplies sufficient steam pressure to heat all buildings on the campus and to give an ample supply of hot water. This plant, erected in 1912, is considered one of the best constructed in this part of the State.

### GYMNASIUM AND SWIMMING POOL

This building, erected in 1918 through the untiring efforts of the students and trustees of Athens College, contains a handsome gymnasium and swimming pool. It is equipped with shower baths, hot and cold water. The pool can be used throughout the year, the water being heated by steam from the central heating plant.

### INDUSTRIAL PLANT

In the year 1939-40, the college built the first unit of a four-unit silk hosiery mill. This building, 60 ft. x 119 ft., is located on the college campus, is of brick veneer construction, air-con-

## A T H E N S C O L L E G E

ditioned, and has the last word in lighting equipment. The purpose of this plant is to furnish work for boys and girls who are in need of help to go to college.

### FARMS

The college owns two large farms that are used to produce food for the dining room as well as truck for market. Sheep, hogs, and cattle are raised for the dormitory use.

### LIBRARY

The library consists of between eleven and twelve thousand volumes, carefully selected, so distributed that every department of work in the college has a substantial working library. Several new reference works were added the past year.

### INFIRMARY

The most rigid sanitary conditions are maintained in the school. The infirmary is commodious, light and airy. An experienced nurse and the college physician are in charge of the infirmary. In case of illness, the patient could not receive better attention in a hospital. *In cases of protracted illness, the patrons will be charged with the actual amount of expense incurred by the college.* Proper attention to a well-balanced diet and regular habits enable the students to gain in health while they are in attendance at the school. *In order that this high standard of health may be maintained, parents are urged to coöperate with the administration by refraining from sending boxes of eatables.*

### DINING ROOM

The dining room is under the direction of a trained dietitian, who sees that an abundance of well-prepared food is served at each meal. The food is wholesome, abundant, and well balanced, and is served in family style, although in relays due to an overcrowded condition.

# A T H E N S C O L L E G E

## LECTURES AND CONCERTS

It is the custom of the college to invite, from time to time, distinguished speakers, lecturers, and artists to appear before the student body. Members of the faculty also appear in concert and lectures. The attractions to be presented in 1940-41 include internationally known artists, speakers, religious and political leaders.

## BUREAU OF APPOINTMENTS

The college, through its President, assists seniors and alumni who wish to secure positions. Graduates of Athens College are in great demand as teachers throughout the South, and the supply has never equaled the demand. A personal interest is taken by the administration to see that every graduate is placed to the very best advantage, and no student is placed until a thorough investigation has been made of the position to be filled and the environment to be entered. Information from the records is supplied to those who desire to engage teachers.

## ORGANIZATIONS

No student shall join any organization not sanctioned by the college.

No student organization shall be formed without having its constitution and by-laws approved in advance by the faculty. All proposed changes in the existing constitutions and by-laws must also have faculty approval before becoming effective.

Treasurers of all student organizations shall keep accurate records of all income and of all expenditures, and shall submit their books for audit to the Faculty Auditing Committee on the dates specified in the college calendar.

## ALUMNI ASSOCIATION

The Alumni Association was organized in 1878, with Mrs. W. W. Beck, Seattle, Wash., President, in order that the history of the college might be preserved and its advantages extended, and also that the ties between those who owed an endless debt to their

## A T H E N S C O L L E G E

*Alma Mater* might be strengthened. The association holds well-attended monthly meetings, and the local work is most gratifying. The aim of the association is to contribute to the good of the college, and to add to its attractiveness. In past years, the association has aided in fitting up Brown Memorial Hall, furnished the teachers' parlor, has given money to the swimming pool fund, and in 1925 installed a handsome Kilgan two-manual pipe organ, valued at \$5,000, in McCandless Hall. At the closing meeting each year, the graduating class is given a cordial welcome into the ranks of the Athens College Alumni Association. The alumni are especially active in the Endowment Movement for a half-million dollars.

### THE YOUNG PEOPLE'S RELIGIOUS ORGANIZATION

The religious activity of the students is carried on through their own organization. It is so arranged that the students taking part therein are better equipped for service at home in the local church when they return. The same committees, as are generally found in the Epworth League, or B.Y.P.U., or Christian Endeavor, function in this organization. The purpose of this organization is to give better opportunity for the young people to learn, through expression, the deeper meaning of personal religion.

### GIRLS' STUDENT COUNCIL

All school activities which pertain to and interest the student body as a whole are conducted through this organization. It is through the Students' Council that the Students' Handbook, which is such an integral part of every Athens College girl's life, is published. The purpose of the Students' Council is to promote good discipline, good fellowship and college spirit in every department, to furnish an open forum for student discussions, and to maintain a medium of unified communication with the faculty.

### BOYS' STUDENT COUNCIL

The boys' government is organized similar to that of the girls. All discipline problems, except those requiring suspension or expulsion, are handled by the council.

# A T H E N S C O L L E G E

## OTHER ORGANIZATIONS

Besides these organizations, there are two literary societies, Phi Sigma and Sigma Delta, a Glee Club, Dramatic Club, Home Economics Club, a classical club, Phi Theta Kappa, Delta Psi Omega, Kappa Mu Epsilon, Beta Mu Kappa, and Shyster's Club.

## STUDENT PUBLICATIONS

### *The Crow's Nest*

"The Crow's Nest" serves Athens College like the crow's nest on a ship, as a lookout over the sea of student activity. From this vantage point the distant waves of news are cited and recorded. "The Crow's Nest" is the college newspaper, published semi-monthly by the student body. Everybody subscribes to "The Crow's Nest," which is included in the student activities fee.

## THE ELIZABETH BLANKENSHIP ALLEN SCHOLARSHIP

The Maude Lindsay Study Club offers a loan scholarship of \$100 to the girl in the Senior Class of Deshler High School, Tusculumbia, Ala., who makes the highest class average. This is in loving memory of Mrs. Elizabeth Blankenship Allen, an alumna of Athens College.

## THE EVA JANE COMER MEDAL

Governor Braxton Bragg Comer, of Birmingham, Ala., in memory of his wife, Mrs. Eva Jane Comer, has given five hundred dollars to the college, the interest of which shall provide annually a medal for the student of the Senior Class of the college who has excelled in English. This medal is known as the *Eva Jane Comer Medal*.

## MATHEMATICS PRIZE

A friend of Athens College offers a prize to the student who is majoring in Mathematics; who has had at least one course in Analytical Geometry; who has made the highest average in general scholarship that year; and who will be a student at Athens College

## A T H E N S   C O L L E G E

at least one more term. The prize cannot be awarded for two successive years to the same student.

### ALUMNI PRIZE

The Alumni Association of Athens College offers a prize to the best musician, open only to students in the junior and senior years of the Diploma Course in Music. The prize cannot be awarded for two successive years to the same student.

### TRUSTEES' PRIZE

The Trustees of Athens College offer a prize to the best debater in the college. This is open to all students above the freshman year. This prize cannot be awarded to the same student for two successive years.

### GOOD CITIZENSHIP PRIZE

On the vote of the faculty and students of Athens College there is awarded annually a prize to the student who has demonstrated the highest type of good citizenship. Standards of good citizenship demand the maintenance of law and order, unselfish service to others, and loyalty to the ideals of Athens College.

### NORWOOD METHODIST CHURCH LOAN FUND

The Norwood Methodist Church of Birmingham established in 1934 a \$50.00 fund to be loaned to a worthy senior. This loan is to be paid back the following year, so that it becomes a perpetuating fund for seniors. This draws 6 per cent interest and both interest and principal are available for loans.

### ANNISTON METHODIST CHURCH LOAN FUND

The Anniston Methodist Church of Anniston, Alabama, established in 1935 a \$50.00 fund to be loaned to a worthy senior. This loan is to be paid back the following year, so that it becomes a perpetuating fund for seniors. This draws six per cent interest and both interest and principal are available for loans.

# A T H E N S   C O L L E G E

## LITTLE MOTHER IMPROVEMENT PRIZE

In honor of Mrs. Judith Morgan Summers, "Little Mother," as she was affectionately called, a former teacher of Athens College, established a fund, the interest from which provides a prize for the young lady who makes, during the year, the greatest improvement. "Little Mother" was college hostess for eighteen years and indeed a mother to every girl who came to Athens.

# General Regulation

---

## CONDUCT AND DISCIPLINE

In matters of personal conduct, students of Athens College are expected to be self-governing, acting as responsible citizens of a Christian community. Every effort is made to stimulate the student to the best work and to the most enjoyable play, but it is impossible to undertake responsibility for the direction of students who are not in sympathy with the purposes of the college. A student antagonistic to the spirit and methods of the institution, or who is failing to accomplish the objectives of college attendance, will automatically sever connection with the college and will be requested to resign.

The college does not tolerate drinking, gambling, nor hazing in any form. Anyone found guilty of indulging in these will be dismissed from school. The faculty reserves the right to decide whether the offense is sufficient to warrant withdrawal of credits and the receiving of dishonorable dismissal or permitting the student to voluntarily withdraw.

Athens College is on a quarter system. The unit of measure of the credit hour is the quarter hour which means a subject pursued in class one hour a week for twelve weeks. Most courses carry five quarter hours credit, meeting five times per week for twelve weeks. Some courses, such as Bible, Physical Education, Religious Education, and the Fine Arts courses, are offered two and three times a week and carry corresponding credit.

## REGISTRATION

For time of registration see calendar, page 3.

No credit will be given in a course for which a student has not been *officially* registered.

In registering for any quarter, the student must give precedence to prescribed courses in the order in which they are arranged in the curricula. After a student's program of courses has been approved at the beginning of each quarter, it may not be changed except upon the written approval of the instructors concerned and

## A T H E N S C O L L E G E

of the Dean. A charge of \$1.00 is made for any change in schedule after one week. Any course dropped after the beginning of the third week of a quarter, or without official permission, is regarded as a failure and is so recorded.

### CLASS AND CHAPEL ATTENDANCE

Regular attendance upon all college exercises is required—classes, laboratory sessions, chapel services. Upon the student rests the responsibility for securing all assignments of work to be done and for accomplishing promptly the work assigned.

Three times tardy for a class, unless excused by the instructor, shall be regarded as equivalent to one absence.

### CUTS

1. *Defined.*—Any absence from class, from chapel or from convocation, or from any activities organically belonging to any one of these, is a cut.

2. *Number Permissible.*—Three cuts are allowed per quarter in each five-hour course, two in each three-hour course, and two in chapel and convocation considered together.

The above absences represent unexcused absences without penalty more than the loss of grades.

After the catalog number of unexcused absences has been used up, a student taking another unexcused absence will have to report to the Bursar's Office and pay a charge of \$1.00 in order to make up the work so lost before he can re-enter the class.

All excused absences may be made up and a grade received on same, but if not made up, grade is cut.

An absence is interpreted to mean being away from the regular class period regardless of whether the work is made up beforehand or afterward.

Cuts before and after a holiday shall be counted as double cuts.

Continuous absence due to illness or other causes will be handled entirely at the discretion of the Dean. Large blocks of absences must be dealt with by the Dean in subtracting hours from the total amount made during the quarter.

# A T H E N S C O L L E G E

Three cases of tardiness will constitute an absence. Excused tardiness will be considered excused absence, unexcused tardiness, unexcused absence.

## PHYSICAL EDUCATION

The purpose of this training is to keep the students in first-class physical condition and to lead them to appreciate the value of regular habits of physical exercise in promoting good health. All students are required to take physical training, devoting two hours per week to some form of healthful exercise. One hour of credit is given for two hours of work. (See Physical Education, page 41.)

## SCHEDULE FOR THE WEEK

Most of the classes meet regularly five times each week, beginning on Mondays. As a rule, laboratory work will be done in the afternoons.

## CLASSIFICATION OF STUDENTS

Students are classified as follows:

*Freshmen.*—Those who meet the admission requirements and who are carrying twelve or more hours of work.

*Sophomores.*—Those who have made thirty-five hours of credit and thirty-five quality credits.

*Juniors.*—Those who have made seventy-five hours of credit and seventy-five quality credits.

*Seniors.*—Those who need no more than sixty-five hours of credit.

*Special Students.*—Those who are not candidates for degrees, or those who are registered for less than twelve hours of work. Such students must meet the entrance requirements of the Alabama Association of Colleges.

## GRADING SYSTEM

At the end of each quarter, final examinations are given. The final grade of each student, however, is not dependent wholly on

## A T H E N S C O L L E G E

the final examination, but upon a summation of daily work, tests, laboratory work, notebooks, and other work, required or voluntary, together with the final examination. The resulting grades are indicated by letters as follows:

A denotes excellent; B, good; C, average; D, passing; E, conditioned; F, failed to pass; I or Inc., incomplete. A condition may be removed by examination; or, in case of a continued course, a condition on the first quarter's work may be removed by making C on the second quarter. If a condition is not removed within one year from the time it is made, it becomes a failure. A condition removed shall not yield a grade higher than D.

Usually from five to fifteen per cent of the students make A; fifteen to thirty per cent of the students make B; thirty to sixty per cent of the students make C; fifteen to thirty per cent of the students make D; five to fifteen per cent of the students make E or F.

### QUALITY CREDITS

A secures three quality credits per quarter hour of instruction, B secures two quality credits, C secures one quality credit, and D secures none per quarter hour of instruction. Every F will deduct 1 quality credit per quarter hour carried by the course.\* For GRADUATION 195 QUALITY CREDITS ARE REQUIRED

Any student who fails to make *five quarter hours* of the work carried through a quarter is automatically dropped from college. The student may be reinstated if after making application to the faculty two-thirds of the faculty vote for reinstatement. A regular student who fails to pass ten hours of work will be registered conditionally for the next quarter's work.

### AMOUNT OF WORK TO BE CARRIED AT ONE TIME

No student is classified as a regular college student who does not do at least ten hours of classroom work a week. No degree student will be allowed to take less than twelve nor more than eighteen hours of classwork, except by special permission from the Dean. The maximum number of hours for a Freshman is seventeen. The average student load is sixteen hours.

---

\*If a course is taken over and passed, no deduction is made for the first failure.

# A T H E N S C O L L E G E

## COLLEGE CREDIT FOR SPECIAL COURSES

Twelve hours in Art may be presented toward A. B. A major may be taken in music and speech.

## SPECIAL EXAMINATIONS

Special examinations to remove conditions may be taken any time after the lapse of three weeks in the next quarter, subject to the approval of the instructor concerned. Only one examination may be taken to remove a condition. A fee of three dollars, payable in advance at the Business Office, is charged for each special examination.

All unexcused absences from tests and examinations count as failures and are so recorded.

## A COMPREHENSIVE EXAMINATION

During the last quarter of the senior year, a complete review course is offered in each major. The purpose of this course is to prepare the student for a final comprehensive examination over the entire work of her major subject. One must pass this examination before being given credit for having completed the major work, regardless of grades made on each course separately.

## MAJORS AND MINORS

At the beginning of the Sophomore year, each student who is a candidate for a degree shall select a leading subject to be known as the major study. The major must consist of courses pursued in one department of the college or in a combination within one general field. A minor subject shall be chosen by the close of the Sophomore year.

A major shall require 40 quarter hours credit—a composite major 45 hours exclusive of the educational course in the teaching of that subject. A minor shall consist of 30 quarter hours credit. In case of a composite major in science, at least 20 hours in each of two sciences must be presented.

Students may major in the following subjects for a degree: English, any *one* Romance Language, Mathematics, Biological

## A T H E N S C O L L E G E

Sciences, Physical Sciences, History, Social Studies, Speech, Music, Commerce, Religion, Education and Physical Education. A student majoring in Education or Physical Education must also take another major. Majors in Speech, Commerce, and Music are not required to have credit in mathematics. However, students wishing to qualify for an Alabama teacher's certificate must choose one of the following majors: English, one Romance Language, Physical or Biological Sciences, or a combined major in the two, History, Mathematics, Social Studies, Speech, and Commerce. All of these majors, with the exception of Speech and Commerce, require mathematics for a degree.

A combined major is approved for those planning to teach science in high school. Those majoring in a particular science must have at least fifteen hours in the courses numbered 20 or above in that particular science.

The college offers only a minor in Home Economics, and this not for teaching purposes. However, if a student wishes to attend Athens College and start a major in Home Economics to be finished elsewhere, the student need not take mathematics. If the student decides to graduate from Athens College, the major must be changed and mathematics must be taken.

# Admission of Students

---

## METHODS OF ADMISSION

All correspondence with reference to admission should be addressed to the President of the College. A blank for statement of the applicant's preparatory work can be secured by writing to the Registrar. This blank must be filled out and mailed before matriculation.

There are two methods of gaining admission to the Freshman class:

1. *By Certificate from Accredited Schools*
2. *By Certificate from a Nonaffiliated School*

## SPECIAL STUDENTS

Candidates of mature age, not less than twenty years old, are admitted without examination to courses in which they are prepared to do special work, according to the regulations prescribed for special students by the Association of Colleges and Secondary Schools of the Southern States.

## ADVANCED STANDING

Students who are prepared to enter classes higher than Freshmen will receive advanced standing upon submitting an official statement of college credit and college entrance credit, a marked copy of the catalogue of the college previously attended indicating the courses for which credit is desired, and a letter of honorable dismissal. If credits are presented from a college that is not fully accredited, they must be verified by taking advanced courses in the same subjects. If satisfactory work is done, then full credit will be allowed. Otherwise credits for advanced standing will be discounted.

No advance standing is allowed beyond the Junior year in the case of students who have not attended Athens College before. The last 45 hours must be taken in residence at Athens College.

## A T H E N S   C O L L E G E

Residence is interpreted to mean either summer school or regular term work. The 45 hours are furthermore interpreted to mean one full year's work or two and one-half summers' work. However, if a student has had at least one year of work at Athens College, he may graduate by attending the last quarter or the last full summer term before receiving his degree.

### PRESCRIBED SUBJECTS

Any fifteen units may be selected from subjects that are accepted for admission, *provided not more than four units are offered in vocational and commercial subjects.*

### THE COLLEGE LOAD

The normal load for a regular college student shall be sixteen hours of recitation per week. Hours in excess of seventeen shall be charged for at the rate of \$3.00 per hour. Students, who are working on the NYA Residential Projects or in the Industrial Unit, are not permitted to take more than three-fourths of a regular college load. However, for seniors, who have done good work through the junior year, this may be increased to a full load for one quarter.

# Requirements for Graduation

---

The Bachelor's degree is conferred upon all of those who meet the requirements enumerated below. Every candidate must complete, before graduation, 195 quarter hours and secure 195 quality credits. Also for a degree, the student must complete a major and a minor, as outlined on Page 22. The required courses, in quarter hours, are as follows:

FOR DEGREE	A.B.
English .....	20 hours
*Foreign Language.....	10 hours
Mathematics .....	10 hours
Science .....	10 hours
Psychology and Education.....	10 hours
Social Science.....	10 hours
History .....	10 hours
Bible and Religious Education.....	15 hours
Physical Education.....	6 hours
Electives .....	94 hours
Total.....	195 hours

Ten quarter hours of Algebra will be offered. Students entering with no high school algebra credit, *and* students not far enough advanced to enter the advanced half of the course, must enter the first half, and must take the entire ten quarter hours to receive any of the credit. Students, far enough advanced in algebra upon entering, may enter the advanced half of the course, and are required to take only five quarter hours in algebra. All students required to take mathematics are required to take five quarter hours trigonometry in addition to algebra.

Only one-fourth of the above may be taken by extension.

The faculty reserves the right to make certain exceptions to the above requirements when facts warrant it.

## PROFESSIONAL TEACHING CERTIFICATES

In accordance with the laws enacted by the Alabama Legislature and rules of the State Board of Education, upon the recom-

# Courses of Instruction

---

ALL COURSES MEET FIVE TIMES PER WEEK AND CARRY FIVE QUARTER HOURS CREDIT UNLESS OTHERWISE SPECIFIED AFTER THE COURSE.

## EXPLANATION OF NUMBERING OF COURSES IN THE CATALOG

Courses numbered from 1 to 19 are intended primarily for Freshmen; from 20 to 29 for Sophomores.

Courses 30 to 39, for Juniors; from 40 to 49, for Seniors; 50 to 59, except in \*Physical Education, are reading or lecture courses open to any student.

*a* following the number of a course indicates the first quarter of a course that continues more than one quarter; *b*, the second quarter; *c*, the third quarter. Thus: Eng. 1a is the first quarter of Eng. 1; Eng. 1b is the second quarter of Eng. 1; Eng. 1c is the third quarter of Eng. 1.

The number of a course is not followed with a letter unless it is a course continued more than one quarter.

## LIBRARY SCIENCE

Since knowledge and skill in use of books and libraries is essential in the modern educational policy all freshmen will be required to take an orientation course in library science during the period devoted to registration. This course will consist of 8 hours of lecture and laboratory devoted to the attainment of skill in the use of indexes, bibliographies, card catalog, dictionaries, *Reader's guide*, and other library tools.

### 1. *Library Administration*

The organization and administration of libraries, and their opportunity and function in the modern world. Special emphasis on school library management. Includes an observation trip to several types of libraries. (Prerequisite to course 30.) 3 quar. hrs.

## A T H E N S C O L L E G E

### 2. *Library Economy*

Library routines and records. (Prerequisite to course 30.) 3 quar. hrs.

### 30a. *Classification and Cataloging*

Principles of classification according to the Dewey decimal system and the essentials of cataloging, with emphasis upon the requirements of school libraries. 3 quar. hrs.

### 30b. *Classification and Cataloging*

Continuation of 30a. 3 quar. hrs.

### 50. *Library Education*

Training in use of books and libraries, with emphasis on teacher use of the library in gathering materials for enrichment of the curriculum. Includes: Dewey decimal classification, use of the card catalog, general reference tools, such as dictionaries, encyclopedias, indexes, bibliographies. 3 quar. hrs.

## MATHEMATICS

A major in mathematics shall include courses 1, 3, 20a-b, 30a-b, 40, 42, and 49. A minor shall include courses 1, 3, 20a, and 30a.

A. Algebra. In this course an attempt is made to make more satisfactory the transition from the Mathematics in the secondary school to Mathematics in college. Prerequisite, one entrance unit in Algebra.

1. College Algebra. A complete but condensed treatment of the fundamental operations is given. Prerequisite, one and one-half or two entrance units in Algebra or Mathematics A. (Required.)
2. Solid Geometry. Prerequisite, one entrance unit in Plane Geometry.
3. Plane Trigonometry. Prerequisite, Math. 1 or special permission based on high school qualifications. (Required.)
- 20a. Plane Analytic Geometry. Prerequisite, Courses 1 and 3.
- 20b. Solid Analytic Geometry. Prerequisite, Course 20a. 3 quar. hrs.
- 30a. Differential Calculus. Prerequisite, Course 20a.
- 30b. Integral Calculus. Prerequisite, Courses 20b and 30a.
- 30c. Continuation of Calculus.

# A T H E N S C O L L E G E

40. College Geometry. This course broadens the field of Plane Geometry, and although it is planned primarily for juniors and seniors and presupposes only a knowledge of Plane Geometry and of College Algebra, it is desirable that the student studying it have some mathematical maturity. 3 quar. hrs.
42. Theory of Equations. Topics treated in this course include complex numbers, theorems on the roots of equations, quadratic and cubic equations, the graph of an equation, determinants, and symmetric functions. Prerequisite, Course 30a. 3 quar. hrs.
49. Survey of all Mathematics and the Comprehensive Examination. 2 quar. hrs.
50. Reading in Mathematics. The instruction in these courses is given individually or in classroom. The topic which is taught is selected each time by the student and the instructor. It cannot be one of the regularly scheduled courses, but may be one of those which is given from time to time. 3-5 quar. hrs.

## SCIENCE

Students may offer for their field of concentration either Chemistry or Biology. They must have a minimum of forty (40) hours in either for a major, or a major in the combined field of science may be taken.

Students taking only the minimum amount of Science required to graduate may not elect the two quarters from different Sciences.

## BIOLOGY

- 1a. General Biology. The aim of the course is to acquaint the student, by means of a study of plants and animals, with some of the fundamental principles of life, and thus give him a greater appreciation of living organisms. 3 lectures and 2 laboratory periods.
- 1b. A continuation of 1a.
15. General Botany. Three lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b.
20. General Zoology. Three lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b.
21. Comparative Anatomy of Vertebrates. A comparative study of the structure of a few type forms of vertebrates. Of special interest to premedical students. 2 lectures and 3 laboratory periods. Prerequisites: Biol. 20.
22. Embryology. A study of the development of vertebrates. The chick will be the chief study in the laboratory. 2 lectures and 3 laboratory periods. Prerequisites: Biol. 20.
30. General Bacteriology. The course aims to give a general knowledge of micro-organisms and the fundamental laboratory methods used in their study. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b. General Chemistry recommended.
31. Human Physiology. A general course in the study of the functions of the several systems of the body. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b.
32. Plant Physiology. A study of the intake of water and minerals, photosynthesis, growth and behavior of plants. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 15.

## A T H E N S C O L L E G E

- 34. Genetics. A study of the principles involved in heredity.  
Prerequisites: Biol. 1a-1b. 3 hrs.
- 35. Local Flora. Collection and classification of the native plants of the locality. 1 lecture and 2 laboratory periods.  
Prerequisites: Biol. 1a-1b. 3 hrs.
- 49. Survey Course for Biology with Comprehensive Examination. 1-2 hrs.

## CHEMISTRY

- 1a. General Inorganic Chemistry.
- 1b. Continuation of 1a.

# THE SCHOOL OF FINE ARTS

FRANK M. CHURCH, M.M., A.A.G.O., Director

---

## DEPARTMENT OF ART

MRS. W. C. ARMSTRONG, B.A.

The aim of the Art Department is to give thorough instruction in the underlying principles of drawing and painting, to open up new avenues to what is the best in life, and to give an intelligent appreciation of the great masterpieces of art. As an enricher of life, the study of Art offers advantages not exceeded by any other subject.

The course of instruction is academic, embracing the study of form, light and shade, perspective and color. The various branches are grouped around these principles, and are both theoretical and practical. The instruction is individual, and is adapted to the needs of each student, insuring unhindered progress.

A well-lighted studio, with a collection of antique casts, and birds and animals from museums, furnishes materials for drawing. Easels and drawing boards are furnished, and lockers may be secured for a small fee.

Only original work is encouraged, the classes in painting having attractive material on the campus for work from nature. Still-life studies and creative problems are arranged each week in the studio.

The practical side of Art is stressed with the aesthetic, and all students are required to make several posters, a color chart, and study principles of design.

The library contains a good collection of valuable reference books on Art and some of the best periodicals published.

## ART COURSES

50a-50b. HISTORY OF ART.—Two hours credit each quarter. Two hours classwork each week. This course may be elected by college students who may not desire to take any studio practice. Text: *Art Through the Ages*, Gardner.

## A T H E N S C O L L E G E

58. FINE ARTS.—Appreciation of American Arts and Crafts. One or two hours credit for any quarter. (One hour credit for one hour of work. Two hours credit includes laboratory.) A study of the theories of recent developments in painting and their relation to earlier schools. Landscape painting, still-life portraits, painting from the model, lectures, discussions, assigned readings, reports. Laboratory fee.

52a. FINE ARTS—MECHANICAL DRAFTING.—Three hours each quarter. The study of equipment and materials for engineer drafting, engineer lettering, Geometric construction, working drawings, pictorial representation, graphic language, and orthographic projection on objects with plane and curved surfaces, theory and practice of dimensioning, intersections, and developments. Making of tracings and blueprints. Emphasis upon methods and materials to meet practical needs. Laboratory fee.

52b. FINE ART.—Engineer sketching, machine elements, piping drawings, screws, bolts, etc. Development of surfaces, axonometric projection, oblique projection, perspective, pictorial sketching, architectural drafting, structural drafting. Electrical drafting, topographic drafting and mapping, graphic charts. Students are expected to furnish their own instruments and materials. Laboratory fee.

A certificate will be granted those who have satisfactorily completed three years of art work; provided, also, that they have completed all college English through the sophomore year. After having received a certificate, a student may qualify for a diploma. A student to receive a diploma in Art must qualify for the A. B. degree and have completed 45 quarter hours in the Fine Arts Department.

## A T H E N S C O L L E G E

Any college student is permitted to join outdoor sketching class one hour per week. Free to regular Art students.

Laboratory fees for materials include such articles as pens, pencils, ink, charcoal, drawing paper, and studio equipment. Such materials as oil paints, canvas, etc., cannot be supplied on the small fee charged for materials. Students must purchase such materials.

# Department of Speech

THELMA GOODWIN, B.A., B.E.

---

This department offers to students an opportunity for thorough and scientific training in Speech. Its aims are: to develop each student according to her own individual characteristics, eliminating all imitative work, and training her in utility of thinking, imagination, feeling, and will; to train the voice and body to act in coördination with the mind; to develop taste by securing a higher appreciation of the best literature; to prepare students for correct reading, speaking, conversation, ease, and freedom.

\*2a-2b-2c. PLATFORM ART.—The purpose of this course is to teach the student the fundamental laws underlying correct interpretation; to train the voice and body according to a definite technique; and to apply the principles thus learned in the oral interpretation of literature. The course includes Philosophy of Expression, Voice, Gesture, Pantomime, and Interpretation.

Throughout the year, two hours each quarter.

3a-3b-3c. ACTING.—The technique of acting is taught by principle, and put into application in the production of plays.

Throughout the year. Credit, two hours each quarter.

4a-4b-4c. PLAY READING.—In this art form, one person tells the stage settings, impersonates each character, and so completely obscures himself behind the character he impersonates that it gives an impression to the audience that the entire play is being enacted. This is perhaps the highest form of oral interpretation—certainly it is the most difficult and technical.

Literature studied: Shakespeare's "Taming of the Shrew," and scenes and cuttings from selected plays.

Throughout the year. Credit, two hours each quarter.

22a-22b-22c. PUBLIC SPEAKING.—The aim of this course is to prepare the individual to become a poised speaker, able to express herself in a pleasing, effective manner. The course includes Storytelling, Extemporaneous Speech, Impromptu Speech, Debate, and Orations.

Throughout the year. Two hours each quarter.

---

\*Required for diploma.

## A T H E N S C O L L E G E

\*23a-23b-23c. **DICTION AND PHONETICS.**—This course is designed to teach the student correct pronunciation, distinct enunciation, and the blending of these two into intelligent, smooth, and beautiful speech. The training is done by means of the science of phonetics, which supplies a definite and accurate means of teaching a language, and dialects of a language.

Throughout the year. English credit, two hours each quarter.

24a-24b-24c. **ADVANCED PLAY READING.**—More difficult plays are studied by the students who have completed one year's work in play reading. Literature studied: "Twelfth Night," "Romeo and Juliet," "Jeanne D'Arc," "L'Aiglon," and other selected plays.

Throughout the year. English credit, two hours each quarter.

33a. **MODERN POETRY.**—This course is of great value in voice training, and in developing the student's taste in the poetry from Emily Dickinson to the present day.

One quarter. English credit, two hours.

42a-42b-42c. **PLAY PRODUCTION.**—A technical and practical study of the rehearsal and production of plays. Leadership and personality are developed through characterization. A course conducive to the best of creative thinking. The course includes stage settings, lighting, costuming, and make-up.

Throughout the year. Credit, two hours each quarter.

43a-43b-43c. **INTERPRETATION OF LITERATURE.**—Through the oral interpretation of great literature, the student learns how to do creative thinking, and is thus able to interpret selections for herself, without mimicry, or dependence on someone else. The literature studied includes the Bible, works of Tennyson, Browning, Kipling, Dickens, and others.

Throughout the year. English credit, two hours each quarter.

44a-44b-44c. **ADVANCED PLAY PRODUCTION.**—A continuation of 42a-42b.

48. (Education 48) **TEACHING SPEECH IN HIGH SCHOOL.**—One quarter, five quarter hours.

50a-50b-50c. **CHORAL SPEAKING.**—A comprehensive treatment of the pedagogy and technique employed in choric recitation of verse and prose. One of the newest forms of speech work, introduced from England a few years ago.

Throughout the year. Credit, two hours each quarter.

---

\*Required for diploma.

## A T H E N S C O L L E G E

**\*PRIVATE LESSONS—REPERTOIRE.**—Selections for platform are given in this course. Its aim is to develop the student into a poised and capable reader through work on selections of merit from classic and modern authors. Each student is required to appear in public recitals during the year.

Two half-hour lessons a week.

### PRIVATE LESSONS.

1a-1b-1c. First year, two quarter hours per quarter.

21a-21b-21c. Second year, two quarter hours per quarter.

31a-31b-31c. Third year, two quarter hours per quarter.

41a-41b-41c. Fourth year, two quarter hours per quarter.

**RECITALS.**—The recitals which occur frequently in this department are designed to give the student experience in reading and acting.

**A.B. DEGREE WITH MAJOR IN SPEECH.**—A major in Speech requires forty hours of Speech. This must include twenty-four hours of private lessons. Any elective minor with the other regular requirements for an A.B. degree are also required.

**REQUIREMENTS FOR DIPLOMA IN SPEECH.** — A diploma in Speech is granted students who have met the following requirements: The rendering of three public recitals—one joint recital and two individual recitals—and the completion of fifty-four hours in Speech. Of these the following are required: private lessons each year, Platform Art (Freshman year), Diction and Phonetics. Ten hours of English are also required. A certificate is granted to those who have completed thirty-six hours of Speech.

A diploma student should carry at least sixteen hours work each year.

# Music Department

---

The Department of Music functions in coöperation with the other departments of the college and shares the general aim of Athens. There are two classes of students enrolled—regular and special students. Regular students follow prescribed courses of study, and become candidates for a certificate, diploma, or degree. A major may be taken in music for an A. B. degree, or the regular music degree, B. M., can be taken. Special students pursue such work as they may elect.

The regular courses are based upon the necessary elements of a complete musical education. It must be borne in mind that such an education has reference not only to the ability to perform in an artistic and interesting manner, but concerns as well the comprehensive appreciation and understanding of Music and its allied arts in their æsthetic aspects. It has become increasingly necessary that the musician be other than a mere performer, that he have an intelligent conception of the material of Music, a firm grasp of the fundamental principles, and a well-defined artistic and discriminating taste. In all its courses of instruction and other activities, the department aims to lead the student to an intelligent appreciation of the beauty and excellence of the art in its classic forms.

## PIANOFORTE

The only true method of piano teaching is that which is based upon science and logic. Piano playing is an intellectual accomplishment which may be acquired only through mental training. The vital factor in piano method is recognition of the fact that when a student once knows how to practice he will inevitably learn how to play. Therefore, untiring effort must be made in the direction of sane, intelligent, timesaving, systematic practice. It is primarily the aim of the department to teach the students how to study by themselves, so that when they are not under the supervision of a teacher they will be able to make noticeable progress.

As for the technique, the most important requisite in the pianis-

## A T H E N S C O L L E G E

tic equipment, its attainment depends upon the understanding of and the adherence to certain principles which are as definite and infallible as the laws of mathematics. The soundness of a technical method can be tested and judged only by the results which must follow its application in every case.

The primary aim is to lay a thorough technical foundation, directed by a careful study of each pupil's physical deficiencies and previous habits of work. The works of the best masters are, therefore, employed through the grades of advancement, in order that the emotional and intellectual faculties shall be developed in company with the technical, and the student constantly grows in taste and in sympathetic comprehension of all that is involved in artistic performance.

Expression is developed, not through parrotlike imitation of the teacher's playing, but through thoughtful analytical study of the composition, phrase by phrase, until the harmonic and structural importance and the musical and æsthetic meaning of each phrase is clearly understood.

In all its courses of instruction, and all other activities, the Department of Music aims to lead the student to an intelligent appreciation of the beauty and excellence of the art in its classic forms. Students are invited to take part on the monthly recitals.

### REGULATIONS

1. No student is allowed to take part in any public musical program without the consent of her teacher.

2. All regular students of the Music courses are required to attend all recitals given by the Department of Music as a part of the Musical Appreciation course.

3. Students in the Vocal and Instrumental courses must comply with the regulations concerning the practice hours. The minimum amount of practice is three hours daily for the major and one hour daily for the minor. College students taking practical music are not subject to this regulation, but must register for practice hours with the consent of the department. A practice period is fifty minutes long.

4. Tuition must invariably be paid in advance.

## A T H E N S C O L L E G E

5. Voice students who are candidates for a B.M. degree must have completed one year each of French, German, and Spanish.

6. All Voice students are required to participate in the Glee Club and choral work.

44a and 44b in Organ.

All courses in Theory beyond 40.

## Organ

FRANK M. CHURCH, M.M., A.A.G.O.

To pursue work on the organ to the best advantage, students should have a thorough foundation of piano playing, and, as has been stated elsewhere, should be taught to think music, which is of special importance in connection with the organ, on which so great a variety of effects is produced.

The work of this department is organized to meet the demands and the needs of students planning to be church organists or intelligent amateurs, whose knowledge of the instrument and ability to perform on it are looked upon as cultural assets.

Candidates for the Bachelor of Music degree, with Organ as a major subject, who expect to complete the requirements in four years, and who have not studied the instrument previously, will be expected to demonstrate the results of three or four years of consistent study of the piano as well as the knowledge of how to study music. Where less than this technical ability is manifest, the student will be required to make up the deficiency by continuing the Piano as a minor study for a year or two.

## *Outline of the Organ Course*

Freshman Year, 4a and 4b:

Manual exercises; pedal exercises; hymn tunes, including the use of both manuals and the pedals; Bach, the easier preludes and other preludes of similar difficulty; slow movements of easy sonatas.

*Fifty-nine*

## A T H E N S C O L L E G E

Sophomore Year, 24a and 24b:

Continuation of study of more difficult compositions by Bach; sonatas of Rogers, Borowski, etc.; pieces of more modern writers.

Appearance in recitals.

Junior Year, 34a and 34b:

More advanced studies of Bach, such as the Toccata and Fugue in D minor; pieces of Franck, Guilmant, and Stoughton.

An afternoon recital.

Senior Year, 44a and 44b:

More advanced works of Bach; Widor's symphonies, Franck's chorals, and pieces by such modern composers as Sowerby, De-Lamarter, Dupre, Vienne.

An evening recital.

While the above is not followed minutely as the prescribed works to be studied while a student is here, the numbers mentioned are representative of the types of works studied.

### DETAILED STATEMENT OF COURSES

## Piano

FRANK M. CHURCH, M.M., A.A.G.O.

Freshman Year, 1a and 1b:

# Expenses

---

*Well-prepared, worthy students, who are well recommended,* have many opportunities for securing a college education at Athens College, even though limited financially.

The following list of expenses represents the entire cost of a year except books. It is earnestly desired that the students shall not have too much spending money. They do not need it, and the possession of it militates against good collegiate work. Books cost about \$20 for the year.

Checks and money orders should be made payable to Athens College and mailed direct to the President.

Application blanks and further information will be promptly sent if interested persons will address the President, Athens College, Athens, Alabama.

A deposit of \$10 is necessary for the reservation of a room, which amount will be credited on bill rendered at the beginning of the session. This will be refunded if reservation is canceled within thirty days. No refund will be made after August 15.

The \$25.00 Matriculation Fee is required to be paid in advance by all students who make application for a place in the Industrial Unit.

## EXPENSES FOR BOARDING STUDENTS

The prices quoted are based on each quarter's expense being paid in advance.

If a nine monthly payment plan is used, \$10.00 is added to the total amount. If longer than nine months is needed, parents must give an 8% interest bearing note for balance at the end of school year. The \$10.00 carriage charge must be paid with the first monthly payment.

Matriculation Fee and Student Fee must be included in first payment regardless of payment plan chosen.

The charges include board, room, tuition in any one department and general medical fee. (Sick and accident insurance for Industrial workers not included. This is computed on cost basis each year.)

# A T H E N S C O L L E G E

## TERMS

1. When two boarding pupils are entered from the same family, a discount of five per cent will be given on the total less fees *where scholarships are not given.*

2. The charge for board is fixed for pupils in health. Therefore, if during sickness expenses for servant's attention, nursing, etc., are in excess of expenses as a regular boarder, a reasonable extra charge will be made.

3. Damage to furniture and all breakage will be charged to the one doing the damage. When this cannot be ascertained, the damage will be assessed against the occupants of the room.

4. All claims of the college must be settled before scholastic honors are conferred.

5. Books, stationery, etc., are sold for *cash* only.

## WITHDRAWALS AND REFUNDS

Since the College does not operate for profit and all contracts with teachers and officers and for general college expenses are made for the entire year, no reduction or refund of charges will be made for withdrawal from college except in case of protracted illness when unused board will be refunded. For the consideration of any refund, the date of withdrawal is the day the Bursar of the College is informed in writing of the request for the refund. No reduction will be made for failure to return after the Christmas or spring vacations.

## ITEMS TO BE FURNISHED BY BOARDERS

Each room in Sanders Hall is furnished with single beds, mattresses, a bureau, a table, and chairs. Founders Hall has double beds in the smaller rooms, single beds in the larger rooms. One wishing to be as economical as possible may have a double bed. Most of the beds in the boys' dormitories are double-decker single beds. Pupils and teachers should bring with them sheets, blankets, and counterpanes for single beds, pillows and pillowcases, table napkins and napkin rings, towels, laundry bags, a glass tumbler, a knife, fork and spoon for use in bedroom. Window curtains,

## A T H E N S C O L L E G E

pictures, and any other items for use as ornaments should also be brought from home.

### DRESS

Extravagance in dress is discouraged by the college. It is desired that the utmost neatness should prevail and that good taste should be manifest in the costumes of the student body. Less than this is inconsistent and out of harmony with the best college spirit.

### VISITORS

Friends of the college are requested to limit their visits to the week end. The week end begins Saturday morning and closes Monday at 9 A. M. A rate of \$1.00 per day will be charged for such entertainment.

The boarding department will be closed during the Christmas holidays.
